Prior to drafting any contract for goods or services, the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any preneed agreement in the possession of the funeral establishment that has been signed and paid for, in full or on behalf of the decedent.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

The State of California requires all death certificates to be electronically filed. The physician of the decedent must supply the mortuary with the causes of death and be available to sign the completed certificate as quickly as possible in order to file the death certificate prior to a funeral. If the physician fails to sign in a timely manner, or if the case becomes a coroner's case, the funeral service may be delayed.

White Diamond Funeral Services requires all financial arrangements be paid in full 48 hours prior to services.
